ITU

What is OPT?

OPT is an acronym for “Optional Practical Training”

The purpose of OPT is to give non-immigrants who are studying or have completed studies on F-1 status the chance to gain valuable experience to take back with them to their home countries.

OPT is work experience that is related to a student’s program of study.

OPT differs from CPT (Curricular Practical Training) in several ways:

- OPT is a training opportunity that is not tied to a class
- OPT is approved by USCIS, not ITU
- OPT can take place after a student graduates
- OPT is awarded in 12 month increments per degree level
- Students do not need to be studying while on post-completion OPT

ITU Kinds of OPT

Pre-completion OPT	Post-completion OPT
Takes place during studies	Takes place after the completion of a degree
Limited to part-time while coursework is taking place	Part-time or full-time. At least 20 hours per week.
Counts against post-completion OPT authorization time	Issued for 12 months. Usually paid, but may be unpaid if in compliance with labor laws: http://www.dol.gov/whd/fact-sheets-index.htm
Not restricted by unemployment reporting requirements	90 days of unemployment. Work must be reported to ITU every 6 months
Eligibility code (C) (3) (A) on I-765 question #27	Eligibility code (C) (3) (B) on I-765 question #27
Not eligible for self-employment	Eligible for self-employment

ITU

OPT Eligibility

Be in valid F-1 status (you will maintain F-1 status while on OPT)

Be in good academic standing, **defined as a minimum G.P.A. 3.0 for graduate students at ITU**

Have been enrolled full-time (9 credits per term) for at least one full academic year (3 terms) prior to submitting an OPT application (YOU DO NOT HAVE TO BE ON F-1 FOR THE WHOLE YEAR, ONLY WHEN APPLYING)

Have not completed more than 364 days of full-time Curricular Practical Training (CPT) (current ITU internship policy prevents this)

Have not already utilized an equivalent of 12 months of OPT work authorization at current degree level

ITU

ITU

Selecting a Start Date

Students are required to select a start date for their OPT. This date can be any day in the 60 days following the final day of their final term.

It is better to use “early” start dates if you:

- have an employment offer
- would like to be available for employment right after program completion

It is better to use “later” start dates if you:

- do not have any employment offers at the time of OPT application
- do not expect that you will be able to secure employment soon after program completion
- submitted your application during the 60-day grace period after program completion

Note: If you receive your EAD before your selected start date, you may not start until the start date on your EAD. If you receive your EAD after your 60 day grace period, each day after the 60 day grace period will count against your 12 months of OPT.

ITU

Finalizing OPT Application

- Sign and date the new I-20! (Student Attestation) This sounds obvious, but there have been OPT applicants who have had their applications returned for an unsigned I-20 and/or an unsigned check and/or an unsigned I-765 form.
- Signature on I-765 form (sign it on the line)
- Photocopy the entire application before you send it so that you have a complete copy for your records.
- Send your application to the USCIS by certified mail. Use a service that allows you to track your package to provide you with proof that your application was submitted on time.
- Do not send original I-20's! These cannot be replaced by ITU!

The application must be received by the USCIS Service Center within 30 days of the date of the OPT recommendation!

ITU

OPT Timeline

OPT Start Date: any day within a 60 days window AFTER graduation.

OPT: Cannot accrue more than 90 days aggregate total of unemployment during the 12 months.
If eligible, can file for STEM 17 months extension. Must file BEFORE expiration of EAD card.

OPT End Date: the end date on EAD card is 12 months after start date. This is the last day to work (unless granted extension).

Grace Period: 60 days period to either leave the U.S., transfer to another school, or change to another visa category.
There is no leave and re-enter privileges during this period.

ITU

Expediting OPT Application

If you have a job offer, you may be eligible to expedite your OPT application.

- ITU cannot assist in expediting your OPT application.
- There is no time guarantee.
- The start date must be within 90 days of the application receipt notice.
- Letter from the OPT employer must be provided.
- You must meet USCIS expedite criteria and contact the National USCIS Customer Service Center at 1-800-375-5283 with your WAC #.

ITU

OPT Reporting Requirements

Government mandates dictate that students must report to ITU while on OPT. The following are required reporting items and must be reported within 10 days of the change:

- When you receive a job
- When you change employers
- Every 6 months, you must submit the OPT Reporting Form to ISO.
- When you change addresses
- When you travel (must get I-20 endorsed by ITU)
- When you are approved for H-1B
- If you change your name

When reporting, you must fill out the OPT Reporting Form here:

<https://form.jotform.com/61326906939162>

- Job offer letter (when changing employers or reporting a new job)
- OPT Reporting Form (all reporting besides travel)
- EAD card (upon receiving EAD)

ITU

SEVP Portal

- You may receive a link to create an [SEVP Portal account](#). In the SEVP Portal you may update your change of address or telephone number, email address, and employer information.
- For your reference, you may use the SEVP Portal.
- If you choose to use the Portal, you **must** still report OPT employment updates directly to ISO.

For more information, click [here](#).

ITU

Travel

F-1 visa holders are able to travel while engaged in approved OPT. In order to do so, students should submit a travel request to ISO here:

<https://form.jotform.com/61786691414161>

There are some important things to remember while traveling on OPT. In order to travel, F-1 visa holders should:

- Speak with an ISO advisor.
- Check to see if their I-20 travel authorization is valid (second page). All travel abroad requires DSO authorization from the International Student Office.
- Contact the ISO if planning on visiting a consulate abroad for visa stamping.

OPT S.T.E.M. Extension

OPT S.T.E.M. extensions are a 24-month extension of post-completion OPT, for a total of 36 months of OPT. S.T.E.M. extensions are different from OPT in several ways.

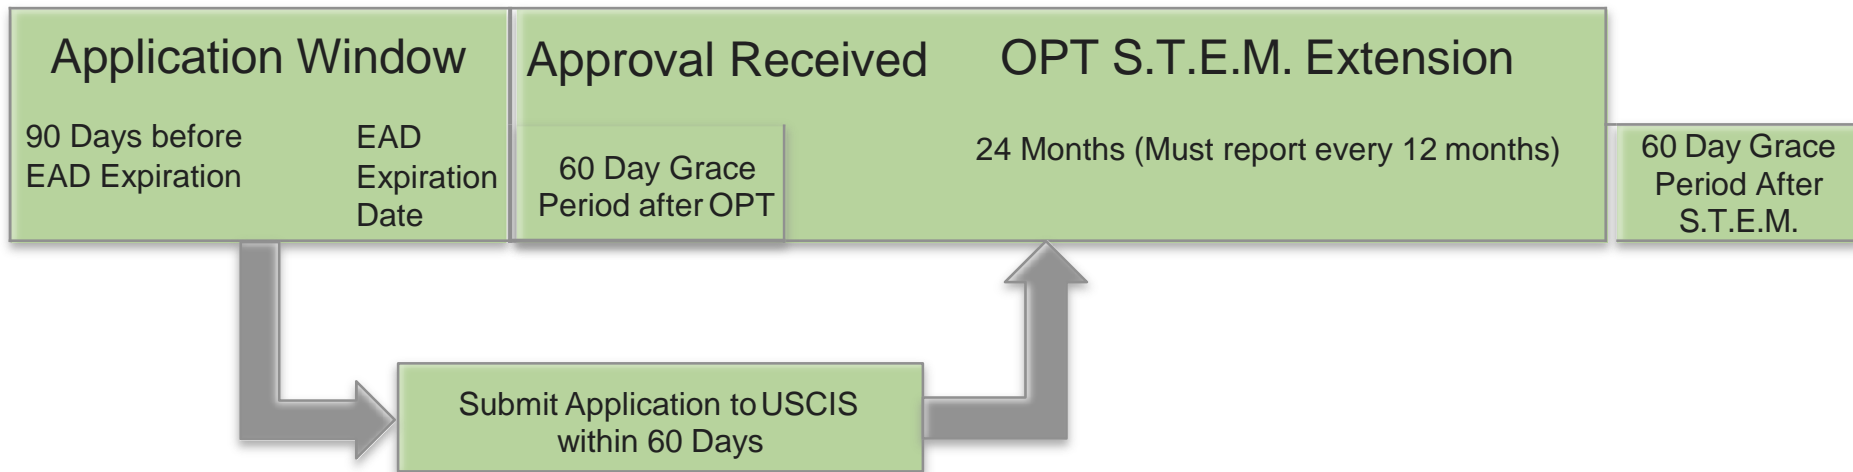

Eligibility criteria:

- Earned a Bachelor's, Master's or Ph.D. in a major that is S.T.E.M. (science, technology, engineering, mathematics) eligible. S.T.E.M. extensions can relate to previous S.T.E.M. degrees earned in the U.S.A.
- Currently working on approved OPT.
- Employer is E-Verify registered.
- Applied during the final 90 days of OPT.
- Direct Employment (Consultancies will likely be denied)
- Must work at least 20 hours per week.
- Must be a paid position.

ITU

OPT S.T.E.M. Timeline

*Any unused unemployment days will carry over from original OPT.

*Employment can be continued for up to 180 days while the extension application is pending until a final decision is made by USCIS.

ITU OPT S.T.E.M. Extension

Application Procedure

- Submit the STEM Extension Request Form:
<https://form.jotform.com/61295512022143>
- Students will need to submit a completed and signed Form I-983 Training Plan for S.T.E.M. OPT before an OPT Recommendation or employer update can be processed. Directions can be found here:
<https://studyinthestates.dhs.gov/stem-opt-hub>
- Once issued an OPT I-20, students applying for OPT S.T.E.M. have 60 days to submit their application.
- USCIS 90 day processing time for OPT S.T.E.M. requests.
- Eligibility code (C) (3) (C) on I-765 question #27.

ITU OPT S.T.E.M. Extension

- Students on STEM OPT must report to ITU through the OPT reporting form every 6 months.
- Students must also submit a 12 month and a final, 24 month Evaluation Report (on the final page of the I-983 Form). A final validation is also required if a student leaves an employer. Submit your 12-Month evaluations along with the OPT Reporting Form.
- If you changed an employer, upload a ****new I-983**** form for the new employer, and upload the Final Evaluation from page 5 of the I-983 for your previous employer.
- Maximum unemployment during a STEM extension is 60 calendar days. Any of the 90 days not used during regular OPT carry over to the S.T.E.M. period.

ITU

OPT Reporting Requirements

- Students on STEM Extension OPT have additional reporting requirements (page 12).
- Please click here for information :
- <https://studyinthestates.dhs.gov/students-and-the-form-i-983>

The student must complete the first “Evaluation of Student Progress” portion of the Form I-983, “Training Plan for STEM OPT Students” within 12 months of the listed STEM OPT start date. At the end of the STEM OPT extension, a student must conduct a second, final assessment.

The student must submit the 12-month and final evaluations no later than 10 days following the conclusion of the appropriate reporting period. If an opportunity ends early the student must submit the final evaluation within 10 days following the conclusion of the opportunity. Not submitting a final evaluation would be a violation of the terms of the Form I-983 and may jeopardize the student’s nonimmigrant status.

ITU

OPT Cap-gap Extension

What is the OPT Cap-gap?

- A benefit given to those on OPT who have applied for and are waiting on a decision or have received approval for an H-1B application.
- Work authorization that spans the gap between an OPT expiration date and the negative adjudication of an H-1B application or October 1st of that year if the H-1B is approved. This is the date at which all approved H-1B visas go into effect.

Eligibility

- On approved OPT with a pending H-1B application
- On approved OPT with an approved H-1B application

Cap-gaps are automatic for those on OPT who have applied for H-1B and have not been rejected for H-1B. However, ITU asks students to report when they are approved for an H-1B application by completing an H-1B Cap-gap Request Form so that the ISO can issue an updated I-20.

Cap-gap only applies to OPT and OPT S.T.E.M. extensions.

ITU

OPT Cap-gap Timeline

ITU

Application Issues

What happens if you do not meet your graduation requirements after applying for OPT?

- Contact DSO immediately for guidance. You are obligated to make up the class in the next trimester.
- If the OPT application has not been adjudicated by USCIS, the student has to withdraw the application by notifying the Service Center.
- DSO will also withdraw the recommendation for OPT in SEVIS
- If OPT was already approved, the ISO will extend your program end date to the appropriate date (next trimester's end date). It will not affect your S.T.E.M. extension. The student may work part time while enrolled in courses to complete the requirement (need an e-mail confirmation from the employer you have arranged)

ITU

Application Issues

- If your GPA **drops below 3.0 after grades are audited, your OPT will be revoked** (The student must request a program extension before the program end date on the I-20).
- After successful completion of all the program requirements, the student may work full time.

ITU

Request For Evidence

A Request for Evidence, or R.F.E. is a request by USCIS for more information for an application with the government. These can be issued for:

- OPT Applications
- H-1B Applications
- Change of Status Requests
- Reinstatement of Visa Status

Requests for Evidence are issued when USCIS feels that more information is needed to establish that the application was completed properly or in good faith. These requests can ask for something as simple as a signature, or something as in depth as documentation proving that the student maintained status. [A recent memorandum provides USCIS more discretion in denying applications without first issuing RFEs.](#)

ITU

Request For Evidence

When you get an R.F.E. you should:

- Scan the entire R.F.E.
- Open a ticket with the ISO that includes a pdf copy of the R.F.E.
- Begin gathering documents listed on the R.F.E.
- Schedule an appointment with the ISO if you have any questions that were not answered in the response to your ticket.

The ISO and Registrar's Office will provide any documents required by the R.F.E. by ITU. This process may be as short as a few days, but can take up to three weeks. Once you have collected all of the documents, you may meet with the ISO to review your packet before mailing it to USCIS.

Students can expect responses from USCIS within three weeks.

ITU

Unlawful Presence

Effective August 9, 2018, USCIS made changes to its policy on how an immigration status violation might lead to a finding that an F, M, or J nonimmigrant should be subject to a 3- or 10-year reentry bar. Under the new policy, USCIS will start counting days of unlawful presence the day after an F, M, or J status violation occurs, unless the student is covered by an exception to the unlawful presence counting rules. **Refer to [this USCIS Page](#) for information regarding Unlawful Presence.**

ITU

Important

Do not work off-campus without work authorization (E.A.D.)

Do not work beyond the end date of your OPT authorization

Always ask ISO first for information on work authorization
